Bhuvann Vinodh Ram

Graduate Data Engineer

Dublin, Ireland · bhuvannvinodhram@gmail.com · bhuvannv13.github.io · github.com/bhuvannv13 · linkedin.com/in/bhuvann-vinodh-ram-5545b3210
Stamp 1G: full-time work authorisation in Ireland

PROFILE

MSc AI for Medicine graduate (UCD) who builds reproducible data pipelines: automated extraction from APIs and bulk files, cleaning and modelling in pandas, tests and CI in GitHub Actions, and scheduled refreshes that publish results to the web. Industry experience containerising applications with Docker and deploying them through GitLab CI/CD. Currently a Trust and Safety Associate at Accenture, Dublin.

SKILLS

Languages: Python, SQL, R (basic), Bash

Pipelines: ETL with pandas and NumPy, REST APIs, bulk file ingestion, web scraping (Requests, Beautiful Soup), data validation

Engineering: Git, GitHub Actions (CI and scheduled jobs), GitLab CI/CD, Docker, pytest, Linux

Data stores: CSV and JSON, MySQL, MongoDB (basic)

Also: scikit-learn, Tableau, Jupyter

EXPERIENCE

Trust and Safety Associate, Accenture · Dublin, Ireland — Mar 2026 – Present

- Evaluate, classify and moderate user-generated content against client platform policies to keep online communities safe and compliant.

Research Intern, University College Dublin · Dublin, Ireland — Apr 2025 – Sep 2025

- Integrated TCGA colon adenocarcinoma RNA-seq, copy-number and DNA methylation data for a shared set of patients into one analysis-ready dataset.
- Built a variational autoencoder to compress the three data types into a single latent representation for downstream clustering.

Project Intern, Centre for Toxicology and Development, SRIHER · Chennai, India — Jan 2024 – Jun 2024

- Built a video-to-data pipeline that turned zebrafish behaviour videos into numerical tracking data for drug-testing studies.

Research Intern, IIITDM Kancheepuram · Chennai, India — Dec 2022 – Feb 2023

- Developed and compared CNN breast cancer classifiers using pre-trained VGG16, ResNet, MobileNet and EfficientNet models.

Intern, Smartail Pvt. Ltd. · Chennai, India — Feb 2022 – Apr 2022

- Containerised web applications with Docker and deployed them to servers through GitLab CI/CD pipelines.

PROJECTS

Conflict Risk Monitor · Python · pandas · scikit-learn · GitHub Actions · JavaScript — 2026
Live: bhuvannv13.github.io/conflict-risk-monitor · Code: github.com/bhuvannv13/conflict-risk-monitor

- End-to-end pipeline: downloads UCDP conflict-event data (final and monthly releases) and World Bank indicators, builds a 176-country monthly panel, and publishes JSON to a static dashboard.
- Scheduled GitHub Actions job refreshes data and retrains every month; pytest suite includes a check that features never use future data.

Tamil Thedal (தமிழ் தேடல்) · JavaScript · OpenCV.js · Tesseract.js · Python ETL — 2026
Live: bhuvannv13.github.io/tamil-thedal · Code: github.com/bhuvannv13/tamil-thedal

- ETL script builds 1,549 verses from open sources at a pinned commit, keeps only public-domain fields, adds themes, and is rebuilt by GitHub Actions with tests.

Ovarian cancer survival prediction (HGSOC) · XGBoost · SHAP · TCGA — 2025
Code: github.com/bhuvannv13/HGSOC-survival

- XGBoost on TCGA clinical and mutation data with SHAP explanations; found and removed follow-up variables that leaked the outcome, then reran the notebook end to end in GitHub Actions: test accuracy 0.78, ROC AUC 0.91.

Retail sales register analysis · Requests · Beautiful Soup · pandas 2025
Code: github.com/bhuvannv13/RetailSalesRegister_Data_Analysis

- Scraped multi-page sales records, cleaned dates, currencies and missing values, and analysed revenue, profit and customer behaviour by location and age group.

EDUCATION

MSc Artificial Intelligence for Medicine and Medical Research, University College Dublin 2024 – 2025
GPA 3.37 / 4.2

BTech Computer Science and Medical Engineering, Sri Ramachandra Institute of Higher Education and Research, Chennai 2020 – 2024
CGPA 3.18 / 4

AWARDS

- UCD Innovation Challenge 2024: Innovation Spark Award
- NASA Space Apps Challenge 2024 participant
- UCD Advantage Award
